

Thank you!

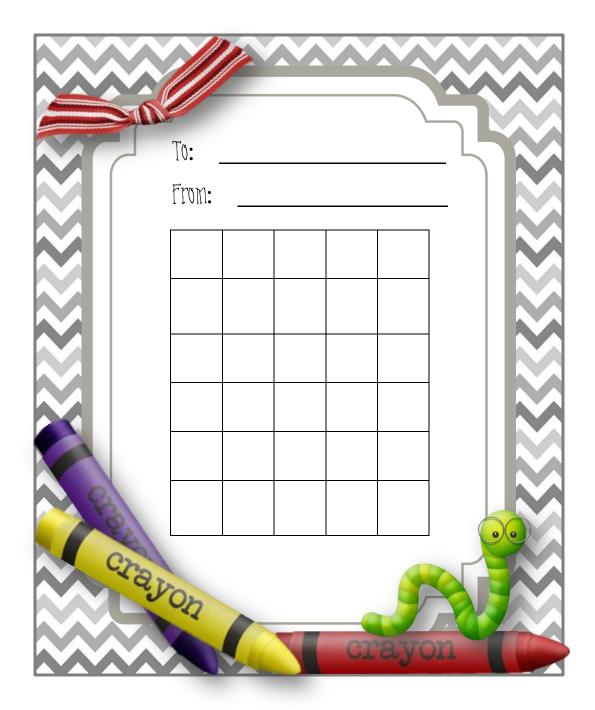

I was inspired to make these cute sticker charts when I ran out of the ones that I had in school. I thought, "Why not!?" I hope you like them. I wanted to give you a variety, not knowing what you would like and not like! These are best when they are printed on cardstock, but regular copying paper would work as well! Remember that these could be used either in school or at home with your very own kiddos!

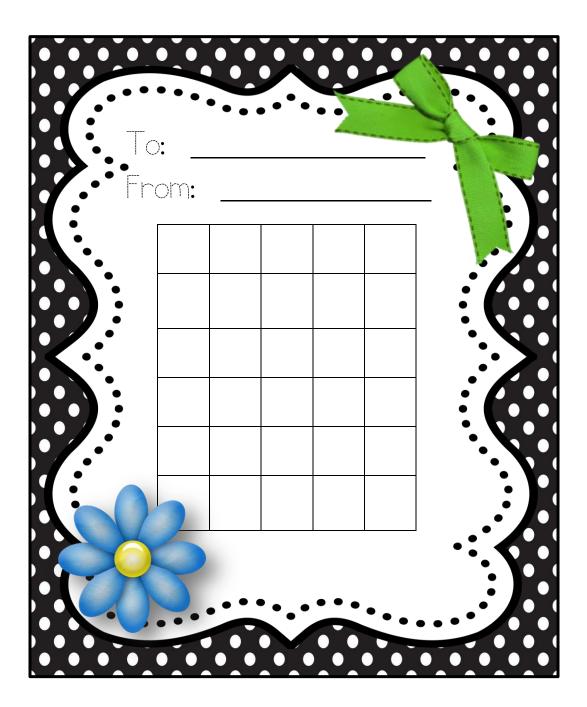

Enjoy!

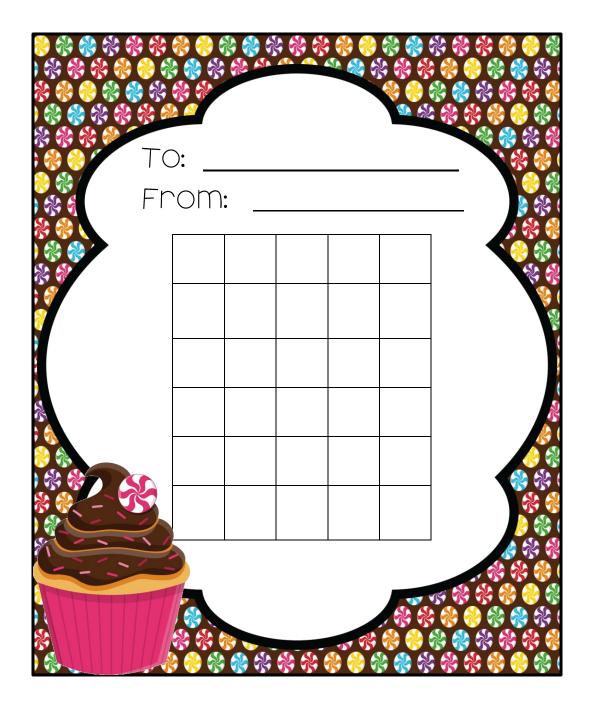

Joey
